SMALL GROUP APPLICATION QUESTIONS

Hope can't live in a vacuum. It is best experienced when it is shared with other believers.

1. REVIEW THE SERMON

Read 1 Thessalonians 3:6-13. Paul talks about the hope he shares with the Thessalonians. What 5 things does Paul say help us share the power of hope with others? Can you find other scriptures that confirm the importance of 1 of these things in the relationship between believers?

Which of these 5 things most encourages you to hope in Jesus? How has your hope in Jesus grown by experiencing one of these five things with another believer?

2. ASSESS YOUR LIFE

Think about your relationship with other believers in your life. How frequently do you encourage Christian hope in others through each of these areas?
