1. STUDY THE SCRIPTURE

Read 1 Peter 2:4-10. What does this passage reveal about Jesus that can help us be better worshippers? What does this passage reveal about the church and how can it help us be better worshippers?

2. ASSESS YOUR LIFE

Peter says Jesus is either your cornerstone or your stone of stumbling. Which is He for you and what evidence in your life supports your answer? What are some things that compete for or steal your worship from Jesus? What foundation lies beneath your worship of things other than Jesus?

How do you view your role in the spiritual house of God (the Church)? How does this compare to your view of others' roles in the church? How are you doing your part in the Church to worship and witness for Jesus?
