

When you are working for Christ is it more powered out of love or something else? How do you know?

What are you most urgent about in your life on a day-to-day basis? What is most pressing on your mind, heart, and schedule? What reasons do you tell yourself for not being more urgent in the works of Christ or in witnessing to others? If you knew Christ was returning tomorrow, what would you change in your life? Who would you want to witness to immediately?

3. APPLY THE TRUTH

Walking with God means continually taking new faith steps.
What is your next faith step to keep growing in your walk with God?
