

Biblical teaching tells us what is right. Biblical reproof tells us what is not right.
Biblical correction tells us how to get right. Biblical training tells us how to stay right.
When have you seen or experienced one of these biblical elements missing from the discipleship process and what was the impact for you or others? When you study or meditate on God's Word which of these elements do you tend to focus on the most, and which one do you tend to overlook the most?

3. APPLY THE TRUTH

God's purpose for giving us His word is that we might be complete and equipped for every good work in His Kingdom and mission. How has God been faithful to complete and equip you for His mission through His Word? What do you need to do to grow more in God's Word so you can be better equipped for His Mission?
