

Pharoah was considered a god himself, but in this story he comes face to face with his own weakness and the power of the true God. How did God humble Pharoah? How did God use Joseph to lead Pharoah to His glory? When have you seen God use your humility or humiliation to lead others to His glory? When have you seen your pride hinder others from seeing God's glory?

Pride is often hard to spot in ourselves because it blinds us to our sin. Pastor Micah laid out 7 symptoms of pride to help us identify when we are struggling with pride (Fear, Entitlement, Ingratitude, People-pleasing, Prayerlessness, Hypocrisy, Rebellion). Do you see any of the seven symptoms in your life right now? Which one(s) and what is it revealing in your heart?

3. APPLY THE TRUTH

If you identified a symptom and root of pride in your heart, what can you do to correct it? What steps will you take to humble yourself before the Lord?

SMALL GROUP QUESTIONS

1. CONNECT TO THE TEXT

What is the hardest or craziest thing you have tried to do from watching a YouTube video? What happened and how did you feel afterward?

2. ASSESS YOUR LIFE

Read Genesis 41:1-40. How did Joseph model humility before the Lord throughout this story? How might the story have gone in a different direction if Joseph had come into Pharaoh's presence proud and self-seeking? How have you seen God oppose your pride or be glorified through your humility in the past? How can you practically grow in humility in your walk with Christ right now?
